Welcome to ETAPS 2014!

Dear Colleague,

Welcome to Grenoble, that has the pleasure and the honour of hosting ETAPS for the second time, the 5th edition in 2002 and the 17th edition this year. This last edition of ETAPS comprises 6 main conferences, 23 satellite workshops, 2 tutorials and a few other satellite events.

The main conferences attracted 606 full submissions, resulting in 155 contributed talks in the program. For the workshops, the program includes around 200 invited and contributed talks. At the time of printing, more than 640 registrations to ETAPS were received. These are remarkable numbers, confirming the leading role of ETAPS in the scientific landscape and, mostly, in software science.

We also hope that you can find time to enjoy Grenoble. The proximity of the mountains, as well as its size, has led to the city being known in France as the "Capital of the Alps". Grenoble's history goes back more than 2,000 years, at a time when it was a small Gallic village. While it gained in stature by becoming the capital of the Dauphiné in the 11th century, Grenoble remained for most of its history a modest parliamentary and garrison city on the borders of the kingdom of France.

The time of the year should allow you to have pleasant walks around. You will also have several opportunities to love our delicious food, both during the conference and during the dinners you can have after a stimulating scientific day.

We wish you a productive conference and an enjoyable stay in Grenoble.

ETAPS 2014 Constituent Events

ETAPS 2014 consists of six main conferences:

- 23rd International Conference on Compiler Construction (CC),
- 23rd European Symposium on Programming (ESOP),
- 17th International Conference on Fundamental Approaches to Software Engineering (FASE),
- 17th International Conference on Foundations of Software Science and Computation Structures (FoSSaCS),
- 3rd Conference on Principles of Security and Trust (POST),
- 20th International Conference on Tools and Algorithms for the Construction and Analysis of Systems (TACAS).

In addition, there are 22 satellite workshops:

- From Programs to Systems - The Systems Perspective in Computing
- 1st Cassting Workshop (Cassting)
- 12th International Workshop on Coalgebraic Methods in Computer Science (CMCS)
- 5th International workshop on Developments in Implicit Computational complexity (DICE)
- 11th International Workshop on Formal Engineering approaches to Software Components and Architectures (FESCA)
- 1st Workshop on Formal Integrated Development (F-IDE)
- Games for Logic and Programming Languages IX (GALOP)
- 3rd Workshop on GRAPH Inspection and Traversal Engineering (GRAPHITE)
- International Workshop on Graphical Models for Security (GraMSec)
- 13th International Workshop on Graph Transformation and Visual Modeling Techniques (GT-VMT)
- 4th Workshop on Hybrid Autonomous Systems (HAS)
- 2nd Workshop on Hot issues in Security Principles and Trust (Hot-Spot)
- 9th Workshop on Model-Based Testing (MBT)
- 2nd Workshop on Mobility between Europe and Argentina applying Logics to Systems (MEALS)
- 5th Workshop on Mathematically Structured Functional Programming (MSFP)
- 6th Workshop on Programming Language Approaches to Concurrency and Communication-centric Software (PLACES)
- 12th Workshop on Quantitative Aspects of Programming Languages (QAPL)
- Workshop on Reconciling Performance with Predictability (RePP)
- 2nd International Workshop on Strategic Reasoning (SR)
- 1st International Workshop on Synthesis of Continuous Parameters (SynCop)
- 3rd Workshop on Validation Strategies for Software Evolution (VSSE)
- 10th International Workshop on Rewriting Logic and Its Applications (WRLA)

To complete the program, ETAPS 2014 also hosts:

- 20 Years of TACAS - Workshop and Celebration

- **ETAPS 2014 general schedule**

Social Events

More indications are on the Website. Last minute changes (if any) will be announced at the conference during the day and in the ETAPS newsletter, which will be online in the morning every day.

- **1st Workshop Dinner, Sunday, April 6, 2014, 8pm Restaurant Per'Gras** Overlooking Grenoble: "La Bastille".

How to go there: We'll take the "bubble" cable cars up 260 meters to the top of La Bastille at 19:00.

- **Reception, Monday, April 7, 2014, 7:30pm – 10pm Musée de Grenoble** (one of the most important French art collection outside Paris)
5 place de Lavalette 38000 Grenoble.

How to go there: next to tram station "Notre Dame" (of tram line B).

- **TACAS Dinner, Tuesday, April 8, 2014, 8pm Restaurant Chasse Spleen** 6 Place de Lavalette, 38000 Grenoble

How to go there: next to tram station "Notre Dame" (of tram line B).

- **ETAPS Dinner, Wednesday, April 9, 2014, 8pm Chateau de Sassenage** 38360 Sassenage.

How to go there: Sassenage is a few km outside Grenoble.

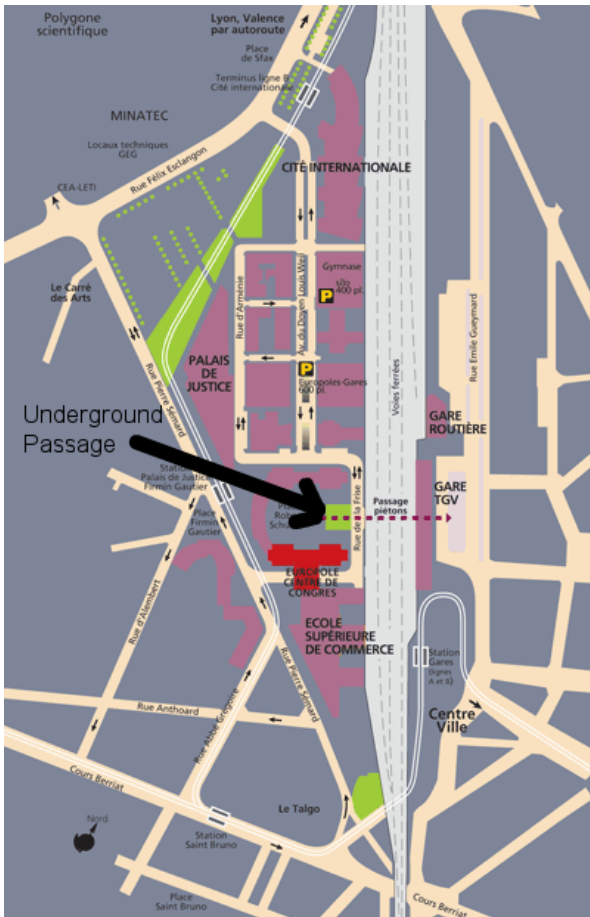

Busses will leave at 19:30 from the conference place.

- **2nd Workshop Dinner, Saturday, April 12, 2014 Restaurant Chasse Spleen** 6 Place de Lavalette, 38000 Grenoble

How to go there: next to tram station "Notre Dame" (of tram line B).

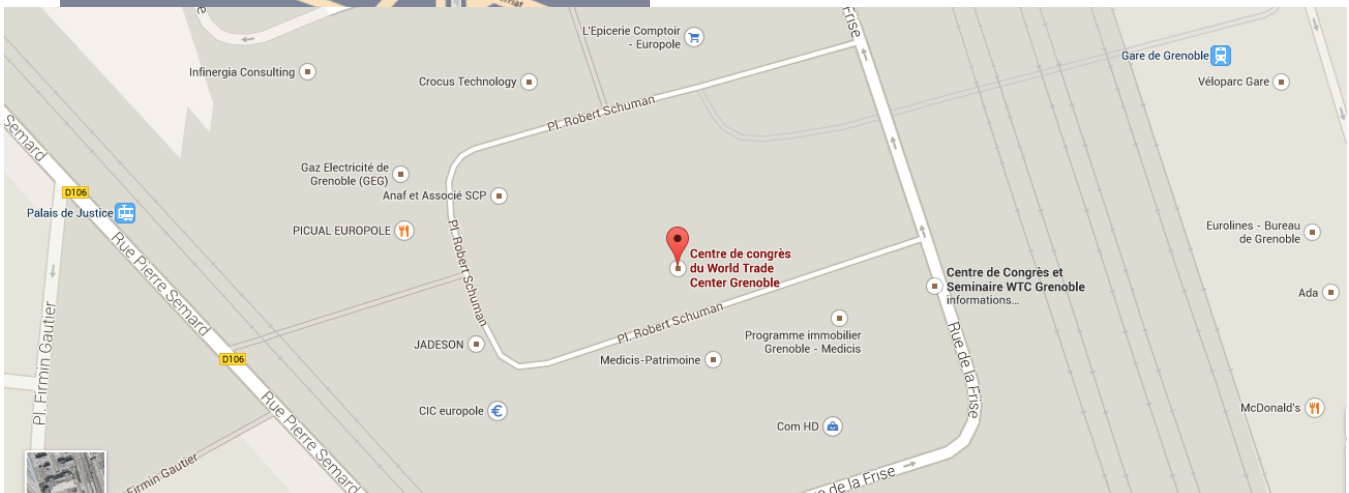

Venues

Conference venue (main conferences): World Trade Center of Grenoble

Europole is located near the Grenoble train station. It's possible to cross the train station directly, via an underground passage way (see map).

If you are coming from further away, simply take the tram line "B" to the "Palais de Justice" stop.

Workshop venue (Grenoble Campus, UFR IM2AG)

To reach the workshop venue, please take tram B or C and get off at the stop “Bibliothèques Universitaire” (tram stops are announced). Use the map below to reach the workshop venue (5min walk).
